Portfolio

Ilorin, Nigeria

TECHNICAL SKILLS

Frontend

HTML5 · CSS3 · JavaScript · TypeScript · React · Node.js · Tailwind CSS

Geospatial

QGIS · Leaflet · Google Earth Engine · Turf.js · Cartography · Spatial analysis

PROFESSIONAL SUMMARY

I'm a geology student at the University of Ilorin and a frontend developer growing into geospatial software. I build web experiences and interactive maps, bringing together an interest in how places work and how people explore information.

SELECTED WORK

Oyo East & Environs Geological Map ↗

A regional basement geology map covering Oyo East, Afijio, and border sectors. In progress.

QGIS · Leaflet · Geospatial

Adsum ↗

A course attendance platform with student and adviser accounts, roster tools, and PIN or QR check-in.

Frontend · Attendance

The Understory ↗

A reading experience for the vocabulary, history, and mental models behind everyday programming.

Learning platform · Frontend

NAOS Hub ↗

A web presence for the National Association of Oyo Students, University of Ilorin Chapter.

Community · Frontend
